

Airway LLC Announced the Successful Launch of Their Latest Airline Terminal Cleaning Contract with American Airlines Terminal 8 at John F. Kennedy International Airport.

New York, NY (PRWEB) April 17, 2013

Airway LLC announced the successful launch of their latest Airline cleaning contract with American Airlines, Terminal 8, John F. Kennedy International Airport. The contract encompasses more than 1.7 million square feet within the terminal building along with additional space in American Airlines Ground Support Equipment building and Aircraft Hangar 10.

Airway General Manager Merit Rizzuto heads a leadership team of veteran managers Sandra Lugo, TC Shourot and Maria Portelli including supervisors, team leads and janitorial staff who maintain American Airlines terminal 8's state-of-the-art features. "What makes me proud is how our team was able to elevate the entire terminal to a noticeable level of cleanliness and service in less than 30 days. To accomplish this, it takes teamwork, dedication and know how," said Ms. Ruzzuto.

"For the airlines and their customers, a clean facility is a critical element of the airline travel experience. Airway takes pride in knowing that our janitorial division delivers an exceptional product around the clock," said Mark DuPont, Executive Vice President.

Airway LLC, a leader in the aviation service industry for sixty years, is located at 13 airports nationwide and serves more than 90 aviation-related customer companies. The company offers a wide range of services, including: terminal facility management, passenger services, ramp & baggage services, aircraft appearance services, transportation services, ancillary security services, architectural design and engineering, specialized airline construction, maintenance and operation services, communications cabling, and ground maintenance. The company employs more than 2,000 people nationwide.
